Merchandising

Queen Victoria Market's merchandising standards and guidelines are designed to assist stallholders in positioning their product to be as successful as possible.

While we encourage each stallholder to present themselves true to their own brand, a level of presentation is expected to provide customers with an enjoyable shopping experience.

In order to showcase your stall and products we require you to provide your own lighting.

Food Vendors

All hospitality traders will be required to operate with a POS system that can provide an "End of Day Report" known as "Z Reads" and

proof of all sales including cash and EFTPOS transactions.

Make sure you tell us if you require cool rooms during your application. This will allow us to plan and allocate adequate space. **Please note this will incur additional charges.** Unfortunately, cool rooms operating off generators or engines will not be permitted.

For your own and the general public's safety, all traders should be aware and ensure they are up to date and compliant with the relevant standards of all gas appliances set by Energy Safe Victoria. For further details and free advice, you can contact Energy Safe Victoria at:

THE APPLICATION PROCESS

Key Selection Criteria

The selection criteria we apply in the assessment of all applications for the Hawker Night Market is summarised below:

- The categories of merchandise, considering their distinctive uses, points of differentiation, alignment with the Market's Hawker theme (including the extent of on-site food preparation for food stalls), and the overall blend of food and merchandise within the Market.
- The stall set-up, including attention to aesthetics and any physical constraints. The applicant's retail and business experience.
- Flexibility and ability to fit in with other stallholders and to work with Queen Victoria Market management

- Any other matter considered relevant to the application

The sequence of the above criteria does not imply any relative priority. Furthermore, these are not the only criteria upon which the assessment of applications is made.

The Queen Victoria Market will not be evaluating any application for the purpose of entering legal relations. A legal relationship will only be contemplated when the successful application signs a formal letter of acceptance prepared by the company. The company reserves the right to act as it sees fit after considering applications received. The decision of the selection panel is final and not open to appeal.

What Happens Next?

Applications close at 9am on Monday 24th February 2025. Should your application be successful, you will be shortlisted and asked to attend an interview with Queen Victoria Market.

First round offers will be made in mid-March 2025 and we will endeavor to notify every applicant of the outcome as soon as possible.

If you are unsuccessful this year, we still encourage you to apply for future Queen Victoria Market events.
